England reports that her potato crop this year is the biggest on record.

A Christian county farmer claims to have 1863 pumpkins on a two acre patch.

During the colored fair at Lexington, Miss Stokes, yearling filly, by Peter the Great, dam Tillie Thompson trotted a mile in world's record time of 2:19, reducing the yearling filly record from 2:23.

Hog cholera cost farmers of the United States \$40,000,000 annually, according to estimates presented at the closing session of the Interstate Association State Boards of Livestock Commissioners in Chicago.

Cattle, hogs and sheep have commanded high prices; dairy and poultry products have brought big returns, while the corn, hay and tobacco are splendid crops with every indication of remunerative prices prevailing.

Two boxes of apples, selected from an Oregon orchard, will be sent to President Taft in November. They run thirty-six to the bushel, and each apple will cost 75 cents. The variety is the winter banana.

Eighty per cent of the cattle produced in Bourbon have been marketed, the remainder being bunches of excellent individuals, and in prime condition for fancy prices. Butcher stuff is commanding good prices and finding ready sale.

The agricultural outlook in Madison is one of much encouragement, due to excellent weather conditions and high prices prevailing for almost every product of the farm. Farmers are jubilant as a result of the profitable season, the loss sustained to the wheat crop being the only disappointment of the year.

During the year ending June, 1909, the horses exported by the United States were 21,016 head, distributed as follows: Great Britain, 1,267; Belgium, 22; France, 37; Germany, 81; British North America, 17,277; Mexico 1,619; West Indies and Bermuda, 974; Asia, 15; other countries, 353. Two years ago mule exports were 6,781 and horses 33,822.

The Government Needs Money.

There has been no little adverse criticism by the press of the country on the proposed increase of two cents in the registry fee of letters. On this important subject the Ohio State Journal says.

The Post office Department proposed to increase the charge for registering letters and packages from eight to ten cents. It is claimed that the Government is running behind on the eight cent charge. No doubt of that, considering the number of graft appropriations Congress is making.

In charging two cents additional for insuring the safe transmission of postal parcels we will get money to pay for many indispensable things. For instance, there is that \$100,000 military war expense. By raising the registry price it will take only 5,000,000 pieces of registered matter to pay this deficit off. Then that \$50,000 appropriated for a congressional junket to Europe—it will take the revenue from 2,500,000 parcels to pay that expense.

Then take Speaker Cannon's automobile, which a servile Congress paid for out of the public treasury—the ultimate consumer will only have to pay on 200,000 mail parcels to liquidate that obligation. There are similar cases no doubt, all of which go to show that the people must pay this extra two cents, for the Government badly needs the money.

Men past middle life have found comfort and relief in Foley's Kidney Remedy, especially for enlarged prostate gland, which is very common among elderly men. L. E. Morris, Dexter, Ky., writes: "Up to a year ago my father suffered from kidney and bladder trouble and several physicians pronounced it enlargement of the prostate gland and advised an operation. On account of his age we were afraid he could not stand it and I recommended Foley's Kidney Remedy, and the first bottle relieved him and after taking the second bottle he was no longer troubled with this complaint." Cold Weather Advice

To all is to beware of coughs and cold on the chest; as neglected they readily lead to pneumonia, consumption or other pulmonary troubles. Just as soon as the cough appears treat it with Ballard's Horehound Syrup the standard cure of America. Use as directed—perfectly harmless. A cure and preventive for all diseases of the lungs. A Novel Hat.

A leading Parisian milliner has just invented a hat which may be adapted for various occasions at will. It can be taken to pieces. When its removable brim is packed away under the brow, it becomes a close fitting toque suitable for motorizing, railway traveling or for walks in rough weather. If the owner finds herself unexpectedly called upon to appear in evening dress, she has simply to readjust her crown and she is ready for any function demanding the greatest elegance.

Regulates the bowels, promotes easy natural movements, cures constipation—Doan's Regulator. Ask your druggists for them. 25c. a box.

A New Way to Can Tomatoes.

Last summer I tried a new method of canning tomatoes, and it proved so satisfactory that I want to pass it on. Sealed and peeled the tomatoes as usual. Have the cans sterilized, place the raw tomatoes in them whole, pour in boiling water to fill the cans so that all the crevices are filled, then put on the cover. Place the cans in a boiler or large vessel, pour in boiling water till it reaches the neck of the can, put the lid on the boiler, wrap it with a blanket or rug, and leave until the water is cold, which will be next morning. The cans are then ready to put away. I did not lose a can out of forty quarts. When the cans were opened the tomatoes were whole and firm enough to slice easily.—Woman's Home Companion for September.

Pardon Waits For Man Who Kills Night Rider.

Governor Willson said Sunday that if any man who kills a night rider wants an executive pardon for that act, he can have it. It is believed at Frankfort that the attitude of the Governor on the tobacco pool may cause a failure of that project. He said:

"You will remember that I have made public addresses to our people asking them to defend their homes and assured them that if they did defend their homes and were careful not to make a mistake and kill any innocent person, but simply necessary defense of their lives, liberty and property, they would not need any lawyer."

"I have never withdrawn that proclamation, for it is my most serious character and it is my set purpose to keep the faith under that proclamation."

"If men's interest in a business plan is from a combination to raise the price on their crops which is entirely proper and wise, if lawfully carried on, is so great that they will form a pool that falls into lawlessness why should not self-respecting free Kentuckians form a liberty, or freedom pool, a thousand times more serious and earnest than any pool for money profit, and why should they not fight for their liberties when the law behind them and the State government is with them?"

You need not be troubled in any way with the stomach, if you will simply take Kodol at those times when you feel that you need it. Kodol is guaranteed to relieve you. The twenty-five head of Welsh ponies imported to Elmendorf, the great farm of James B. Haggin, arrived Monday morning in good condition and were taken to the stables at once. The Welsh pony is considered a much more active and useful animal than the well known Shetland breed, and will be quite a novelty in this country, as few have been imported. The Elmendorf herd will be used for breeding purposes.

Prompt delivery, perfect work reasonable prices. The Richmond Steam Laundry insures all these. Phone 52. tl

FOR YOU AND YOUR WIFE

A cheerful, pretty bedroom will help you to start your day in a cheerful pleasant mood. Its a haven of rest for you to come back to at night. And all day long it is a pleasure to your wife.

To make a pretty bedroom it is more important to have tasteful furniture that harmonizes, than furniture that merely costs a lot. A brass bed, or a pretty white iron bed if you prefer, bureau and chiffonier of light color (birdseye maple is especially pretty) a low rocking chair and one or two straight back chairs to match, a mirror five foot high screwed on to a closet door, a sofa upholstered in cretonne, a shirtwaist box covered with the same, and the cretonne repeated in hangings at the window over white muslin curtains, a light colored rug on the floor,—all this does not cost very much, if you buy from us, and makes a pretty room. Come in and talk it over.

Don't forget to get a STEARNS & FOSTER mattress. That is what makes your bedroom a haven of rest. No other mattress is so comfortable.

Made in four grades of superiority: \$10.50 to \$22.50. Windsor Grade at \$13.50 is guaranteed superior to any other advertised mattress. We sell it on 60 nights' trial. If you are not with it at the end of that time we will return your money without question or comment.

Small Things

Had it ever occurred to you: That it takes every one of the 360 degrees to make a circle, that a wheel is made up of many spokes; that a minute will catch an important train; that a finger mark will discover a criminal; that a two cent stamp will carry a letter five thousand miles; that a smile may brighten a whole lifetime; that 99 cents will not make a dollar. BUT, that a few cents saved on every purchase of merchandise will make dollars in a short time. They are small things—but, they count
